Partners for Review - A transnational Multi-Stakeholder Network for a Robust Review Process

8th Network Meeting, 5-7 May 2020, Addis Ababa, Ethiopia

The 2030 Agenda for Sustainable Development encourages Member States to conduct regular and inclusive reviews of progress at the national and sub-national levels that are country-led and country-driven. At the global level, the High-level Political Forum (HLPF) on Sustainable Development is the central space for follow-up and review of UN member countries’ SDG implementation. Voluntary National Reviews (VNRs) showcase countries’ individual approaches to implementing and reviewing the 2030 Agenda, and encourage further reflection, learning and debate on shared challenges.

Partners for Review, jointly initiated on behalf of the German Federal Ministry for the Environment, Nature Conservation and Nuclear Safety and the German Federal Ministry for Economic Cooperation and Development is a global network committed to mutual learning and exchange on new and emerging challenges of SDG review and follow-up processes. The network involves a wide range of governmental and non-governmental stakeholders coming from civil society, academia, private sector, supreme audit institutions, etc.
